14. In all these, the deliberate conspiracy by members of my family to sabotage my security..encouraging areaboys/touts against my well-being has left me with no other option, but to make my situation public & invite your intervention..to save my life & properties from members of my family as their willful & deliberate sabotage of my security..has become a real threat to my life.

15. That should anything negative happen to me (Francis Mok)..like (1) being attacked (2) being robbed within my premises (3) my flat being broken into & my properties stolen as a direct result of their deliberate sabotage of my security by siblings, their family members, children, relations, wards, friends etc.They are to be held responsible.

16. **INTERVENTION & RECOMMENDATIONS**: It is in the light of this, that I ask for your urgent intervention to invite members of the house so we can agree & ahrere to issues that would promote our combined security eg: (1) The must not have personal keys to the common area of the house etc..eg: (a) The Main Entrance/Access Gates (b) The Backyard (c) The Roof/Penthhouse etc..if they need the key to these places..it must be with good reason..or else they must be denied..in the best interest of the house..so we do not encourage its abuse. So we use this method to monitor & control their movement (both day and night), (2) not to be a threat to my life..directly or indirectly..(4) nor encourage other members of the house to be a threat to my life..through willful or unwilful sabotage of my security etc.(4a) nor give the entrance keys of the house to friends, strangers etc.(5) that we work together to live peacefully & (6) obey common rules that promote the combined well-being & safety of everyone in the house.

17. You can see that my pleas are reasonable..reason why it is surprising to me why they constantly oppose & resist my calls for this.

18. As I urgently invite & request your intervention. May the Almighty God Continue to Strengthen You. As you fulfil the Mandates of your job functions. Thank you.

onyemaechi & his children amaka & chukwudi etc.); to be unnecessarily disrespectful; affecting the necessary cohesion and my constant calls & instructions regarding the overall maintenance & security of the house and its members

2. He uses his children to (a) challenge & trys to oppress me in my fathers house, (b) telling them that they (3 boys between the ages of 22-26 all in the university) & I (Francis Mok, the 3rd son of my father) are equal in my father's house, this is very wrong & confusionist, as it encourages their impunity, (c) encouraging them to harm me & (d) be destructive in the house, when I'm bringing to his/their knowledge, (e) the dangers of the unnecessary lack of cohesion, (f) his neglecting my constant advice & (g) calls for improved security as a family.

3. This makes them very dangerous to me, as I do not trust them at all.They are given keys to the main entrance of the house, (a) enabling them to gain access to & from the house at whatever time they desire (both day & night), (b) granting them the uncontrolled ability to bring in all manner of people, or carry anything out.

4. They are already so unnessesarily disrespectful to me, (a) they consume alcohol (b) bring all manner of questionable people to the house, at whatever time of the day, into the late night, (as they know & take advantage of the fact of their father, emanuel, always comes back home from 11-12midnight and above, everyday, from Monday to Sunday), (c) lodge/camp people in the roof/penthouse (recently Joshua his last born brought a girl from school & lodged her in the house for weeks, if I didn't inquire she would have stayed for much longer, & when i asked emanuel about his knowledge of the girl being camped in the house by his son, he did his usual thing of supporting/trying to protect the wrong/bad doings of his children).

5. They leave the main acces gate always open, which leads directly to me(Francis Mok, as I stay downstairs, but they are upstairs.Their father has reinforced their flat with various metal doors, making their place more secure than mine. Their attitude towards my security downstairs is deliberately ignored (both da & night) to sabotage my security, even as they know I'm always calling their attention to the need to keep it closed/locked, depending on the time of day. Even as I bring to their awatness, the dangers of such, times, particularly in a neighbourhood like Mushin.

6. But my constant advice, appeals & instructions are always disregarded by them because of the support from their father & mother(mama sam), even when I'm raising such issues that benefit everyone in the house.

7. **I CAUGHT A THEIF**. Not long ago I apprehended a thief who came into the house, & stole their laptop computers, phones etc, it was the favor of God to me that I apprehended the thief, as (1) it was a confirmation of my constant worries & (4) and the self-dealtist consequences of their deliberate negligence regarding my call for the urgent need to be cohesive in improving the security in the house, as it puts everyone, (particularly me at great risk), as I stay downstairs.

8. **My Junior Brother John** is also in alignment with them..as he disregards my constant advices & is in the habit of duplicating & giving the access/entrace keys to the main gate of the house to emmanuels children, his friends (girls &boys), etc. I have spoken to him severally on the wrongs of such but it usually ends in his unreasonable refusal to desist from his actions.

9. **I ALWAYS CALL EMANUELS ATTENTION TO THE NEED FOR IMPROVED SECURITY AMONG FAMILY MEMBERS:** I recently brought this to his knowledge again (via text message..will be made available as needed)..but as usual he remained unconcerned..(1) feigning ignorance of my worries, (2) & always defending & making excuses to cover the wrongdoings of his family, children etc. Never calling them to order..hereby giving impetus to them to continue in their nefarious actions.

10. I have tried to make him realize that the only keys he should give his children are the keys to his flat & cars..he has no right to grant his children unlimited access/keys to the common areas of the house like (a) the main-entrances gates to the house (b) the roof/penthouse etc..where legitimate Co-Landlords like myself will be directly affected by their willful/negligent doings.This is where I want the line drawn.

11. **AREABOYS/NEIGHBOURS**: I would like to add that mtn is a tenant in the house, so whenever they come to execute their job functions.(this happens at various times of the day..in the morning, afternoon or night etc).. we usually have areaboys..(who are neighbors)..who come in numbers and trespass on the premises (making demands for various amounts of money..they didn't work for)..I always stand against their trespass on my property..asking them to wait outside..if they want to interact with my tenants..being that this is a private premises..where I & my family are resided..but do you know that upon all I do to maintain the territorial integrity of the house..& their knowledge of the enemies I've made..as a result of my defense of the house..they still (1) leave the gates wide open (both day & night)..intentionally..on a regular basis..in total disrespect & lack of concern for my safety..even after(2) I apprehended the thief, who stole their computers etc..& (3) their knowledge of several cases where I have been attacked and bloodied (3b) my exposure to serious danger..being the one living downstairs etc (4) they will hear me shouting & being shouted at in the house by areaboys..but they won't even come to their balconies..even to say a word in my support etc

12. This gives a signal to the areaboys encouraging their illegal/nefarious actions

13. Through all these willful & deliberate acts of sabotaging my security, by emmanuels, his family members etc (Samuel Joshua, oge, my junior brother John & other relations and visitors..eg: onyemaechi & his children: amaka & chukwudi etc). It has been my neighbors..who witness the neglect I experience & all I do (by inviting the police, standing against these notorious areaboys/touts in the neighbourhood etc)..who stand for me..& made me the Yourth Leader of the Tanimowo Landlords & Tenants Association.

PETITON: THREAT TO MY LIFE & DELIBERATE SABOTAGE OF MY SECURITY.

Good morning Sir, my name is Francis Mok, 3rd son of Late (Chief) Fidelis Mok. Born of his first wife Comfort Mok. It is not my wish to make a private matter public,..It was my hope that...as a family...me & other siblings.. would resolve matters amicably...but having applied all diplomatic efforts to no avail & the wrongdoings continue going from bad to worse...I'm compelled & left with no other option but to draw external attention & seek help...that in your knowledge & use of your good offices a solution will be proffered to save my life & my properties from members of my family.

Sir i want to formally report the unbelievable level of insecurity ive had to cope with living in my father's house with siblings, (their wife, children, wards, friends etc)...il like to add that all these threats to my life, deliberate sabotage of my security, lack of cohesion and lawlessness started shortly after our father's passing to glory(2002) and our joint inheritances were deliberately shared by my brothers (emmanuel, dominic, ifeanyi etc)..without my knowledge or participation..of which..as soon as I became aware..my disagreement was brought to their attention. Ever since then..their attitudes towards me has been nothing short of a conspiracy against my well-being & a deliberate sabotage of my security exposing me to all manner of harm & threats to my life.

Leaving me with no other alternative but to seek assistance from the authorities & present this matter to the public..as I can now see..that for a fact..the insecurity I've been complaining about...is actually a very deliberate act..targeted at exposing me(Francis Mok)..to all manner of harm..as a direct result of my disagreement with them regarding our joint inheritances.

As such, i ask that you intervene..so I can get the dignity..im entitled to..while living in my father's house. That if they have neglected their responsibilities to me as a member of the family...they can not deny me my rights to security,as a Citizen & Bonafide Co-Landlord in the Estate of my Father..the Late Cheif Fidelis Mok..

As such, i ask that you intervene..so I can get the dignity..im entitled to..while living in my father's house. That if they have neglected their responsibilities to me as a member of the family...they can not deny me my rights to security,as a Citizen & Bonafide Co-Landlord in the Estate of my Father..the Late Cheif Fidelis Mok..
